REF: Docket No. PL 25-016, 25-017, 25-018 and 25-019

SUBJECT: Hearing Delay Request

We, the undersigned legislators request an extension in the period of time allocated for public comment and a delay until after October 1, 2025 in the decisions under review in the above scheduled dockets via hearing for September 9, 2025.

We do not believe the public nor land owners have had sufficient time to analyze or prepare for these hearings. Further, we know we have not had sufficient time to review the items for discussion. The decision to hold this hearing and considering awarding the certificates of convenience are in direct opposition to legislative intent spoken and approved during the 2025 Legislative Session. The only waiver to the agreed-upon structure of the paradigm created under Senate Bill 244 was for St. James Parish; Calcasieu, Beauregard and Jeff Davis Parishes were never mentioned nor codified in agreement for this type of action.

Delaying the decisions until after October 1, 2025 will provide all involved sufficient time to conduct analysis and to make comment on the items in the dockets. Holding this meeting and rendering a decision without the opportunity to provide written comment will engender suspicion by the public and erode trust between the legislative and executive branches of our government.

We are in a moment where cooperation is more critical than temporary success. Our citizens and our culture are in some places fractured due to the uncertainty brought on by these projects and by the threats to property rights that actions like these might bring about. We sincerely and respectfully request a pause in addressing the issues in the referenced dockets.
