28. RESOLUTION appointing a member to the Civil Service Board chosen from a list of names supplied by McNeese State University. RES52-26 (Mayor Stutes)

29. PUBLIC COMMENT

This ends the public comment section of the meeting.

ADJOURNMENT

The next regular City Council meeting will be held on Tuesday, October 13, 2026, at 5:30 p.m. in the Council Chambers located at 501 Willow Avenue, Sulphur, LA.

In accordance with Louisiana Revised Statute (R.S. 42:14, persons with an ADA recognized disability who needs accommodations to participate in this meeting must submit a request online at www.sulphur.org via "ADA to address Council" form or contact the City Clerk by phone at 337-527-4571 before 8:00 a.m. of the designated day of the meeting.

RESOLUTION NO. _____, M-C SERIES

RESOLUTION AUTHORIZING AN INVESTIGATION PURSUANT TO SECTION 2-08 OF THE HOME RULE CHARTER OF THE CITY OF SULPHUR INTO THE CITY'S HIRING, APPOINTMENT, SUSPENSION, AND TERMINATION PRACTICES TO DETERMINE COMPLIANCE WITH THE HOME RULE CHARTER, CITY ORDINANCES, ADOPTED PERSONNEL POLICIES AND APPLICABLE LOUISIANA LAW.

BE IT RESOLVED by the City Council of the City of Sulphur, Louisiana, the governing authority thereof, that they do hereby authorize and initiate an investigation pursuant to its authority under Section 2-08 of the Home Rule Charter of the City of Sulphur into the city's hiring, appointment, suspension, and termination practices to determine compliance with the Home Rule Charter, city ordinances, adopted personnel policies and applicable Louisiana law.

SECTION 1: Establishing an Investigative Committee

Upon adoption of this resolution, the Chairman of the City Council shall appoint a two person committee made up of council members which may include the Chairman to coordinate and direct the investigation within the scope of the Resolution to be referred to as the "Personnel Committee".

SECTON 2: Engaging Special Counsel

The Personnel Committee shall unanimously select and retain an attorney who is currently approved to defend the City of Sulphur at the rate of $250.00/hour to conduct the investigation according to their instructions and report back to the City Council within a reasonable time not to exceed sixty (60) days.

SECTION 3: Effective Date of Resolution

This resolution shall be applicable on the date of adoption.

APPROVED AND ADOPTED by the City Council of the City of Sulphur, Louisiana, on this _____ day of _____, 2026.

ORDINANCE NO. M-C SERIES

ORDINANCE AMENDING CHAPTER 12, SECTION 16 OF THE CODE OF ORDINANCES OF THE CITY OF SULHUR – GRASS AND WEEDS – CUTTING REQUIRED.

BE IT ORDAINED by the City Council of the City of Sulphur, Louisiana, the governing authority thereof, that they do hereby amend Chapter 12, Section 16 of the Code of Ordinances of the City of Sulphur to read as follows:

ARTICLE II. WEEDS AND NOXIOUS GROWTH

Sec. 12-16. Grass and weeds—Cutting required.

In the interest of health and sanitation and the control of breeding of mosquitoes, all grass and weeds, on developed property, over twelve (12) inches in height shall be cut. All grass and weeds on retail, commercial and business properties over six (6) inches in height shall be cut and all surrounding areas, including curbs, parking lots and sidewalks would need to be manicured and cleared of all debris.

Developed property is defined as follows:

(1) Any property assigned a municipal address; or

(2) Any property located within a subdivision; or

(3) Any property that has been improved by tree, grass, weeds, shrubs, brush or underbrush removal.

Undeveloped property shall be exempt from this section. Undeveloped property is defined as any property that has not been assigned a municipal address, or is not located within a subdivision, or any property that has not been improved by tree, grass, weeds, shrubs, brush or underbrush removals.

Sec. 12-17. Same—Notice to owners; duties of city; charging of costs to owner.

(a) If any person shall fail to cut, destroy and/or remove any noxious weeds, grass or other deleterious, unhealthful or noxious growths on any sidewalk, banquette and/or on any lot, place or area within the city, notice shall be given to the owner of the lot, place or area, as shown on the last assessment roll of the city, which notice shall be given by registered mail, addressed in accordance with the tax rolls of the city. Notice will be sent to the owner once per calendar year.

(b) If no action has been taken by the owner of the property within ten (10) days after notice has been given as above provided, or the registered mail is returned to the city with no forwarding address, then the mayor shall employ the necessary labor and proceed to perform the necessary work when the grass and/or weeds reach the height as stated in section 12-16, and charge the owner thereof the actual expenses for the work performed together with the charges authorized by section 12-18 below.

(c) If, after the cutting, destruction or removal of the weeds, grass or growths, by the city after due notice as above provided, the costs or expense thereof has not been paid within ten (10)

days, the tax collector of the city shall furnish the owner, as shown on the last assessment rolls of the city, by registered mail, a written statement showing the cost or expense incurred for the work, together with the charges authorized by section 12-18 of the place or property on which the work was done. If the statement is not paid within one (1) month thereafter, the amount thereof shall be included in and shall form part of the taxes due by the owner of the property, and when collected shall be credited to the general fund of the city.

Sec. 12-18. Same—Charge of city for bookkeeping and handling expense.

The city shall levy an annual charge, to cover bookkeeping and other handling expenses, not to exceed two hundred dollars ($200.00), for each parcel of property on which the city is required to employ the necessary labor and perform the necessary work for cutting of grass and weeds.

APPROVED AND ADOPTED by the City Council of the City of Sulphur, Louisiana, on this ____ day of _____, 2026.

AMENDMENT NO. ___

to

Contract For Disaster Recovery Assistance Following a Natural or Manmade Disaster

This Amendment is entered into by and between the City of Sulphur ("City") and CrowderGulf, LLC ("Contractor") and amends the Contract for Disaster Recovery Assistance Following a Natural or Manmade Disaster executed on March 8, 2023 ("Contract").

WHEREAS, the Contract provides for disaster recovery services, including demolition of structures as directed by the City; and

WHEREAS, the Contract provides for an initial term of three consecutive years and may be renewed for an additional two years upon written concurrence of both parties; and

WHEREAS, the City and Contractor desire to exercise the first of the two available one-year renewal options and extend the Contract through March 7, 2027; and

WHEREAS, the Contractor's approved rate schedule includes "Fill Dirt for Stump Holes - Purchased, Placed, and Shaped" at a unit rate of $20.00 per cubic yard (CY); and

WHEREAS, applicable demolition requirements provide that when a structure is demolished or removed, the resulting vacant lot shall be filled and maintained to the existing grade or otherwise in accordance with applicable requirements of the jurisdiction having authority; and

WHEREAS, certain properties included in the City's Private Property Debris Removal (PPDR) and structure demolition program may require fill material following demolition in order to restore the site to the existing grade; and

WHEREAS, the parties desire to clarify that the existing fill dirt rate may also be applied to fill required for demolition site grading;

NOW, THEREFORE, the City and Contractor agree as follows:

CONTRACT RENEWAL

The City and Contractor hereby exercise the first of the two available one-year renewal options provided under the Contract. The Contract term is extended through March 7, 2027.

Following this renewal, one additional one-year renewal option shall remain available in accordance with the terms of the Contract.

CONTRACT
Between the City of Sulphur and CrowderGulf, LLC

REVISED FILL DIRT RATE DESCRIPTION

The existing rate description for fill dirt shall be revised as follows:

Fill Dirt for Stump Holes and Demolition Site Grading - Purchased, Placed, and Shaped: $20.00 per CY

The existing unit rate of $20.00 per CY shall apply to fill dirt furnished, placed, and shaped for stump holes and for fill required following demolition or removal of structures to restore the affected site to the existing grade.

Fill utilized for demolition site grading shall be limited to the quantity reasonably necessary to restore the site to existing grade and shall be performed only as authorized by the City. Quantities shall be documented in cubic yards and associated with the applicable demolition property or work location.

This Amendment does not establish or modify the existing unit rate for fill dirt. It solely expands the application of the existing $20.00 per CY rate to include fill required for demolition site grading.

Except as specifically amended herein, all other terms, conditions, rates, and provisions of the Contract shall remain unchanged and in full force and effect.

This Amendment shall become effective upon execution by both parties.

ORDINANCE NO. M-C SERIES

AN ORDINANCE AMENDING CHAPTER ???, SECTION ???? OF THE CODE OF ORDINANCES OF THE CITY OF SULPHUR, LOUISIANA, TO ESTABLISH SAFETY, IDENTIFICATION, MARKING, INSURANCE, BONDING, DAMAGE-REPAIR, AND FINANCIAL-RESPONSIBILITY REQUIREMENTS FOR CONTRACTORS, VENDORS, UTILITY COMPANIES, AND OTHER PERSONS PERFORMING WORK WITHIN THE CITY OF SULPHUR; PROVIDING FOR PROTECTION OF CITY PROPERTY, PUBLIC INFRASTRUCTURE, UTILITIES, RIGHTS-OF-WAY, AND THE PUBLIC; PROVIDING FOR CONTRACTOR RESPONSIBILITY FOR HAZARDS, DAMAGE, AND RESTORATION; AND PROVIDING FOR ENFORCEMENT AND RELATED MATTERS.

WHEREAS, The City of Sulphur has an obligation to protect the health, safety, and welfare of its residents, employees, businesses, visitors, public infrastructure, streets, drainage systems, utilities, rights-of-way, and other public property; and

WHEREAS, Contractors, subcontractors, vendors, utility companies, franchisees, developers, and other persons performing construction, excavation, installation, maintenance, repair, demolition, or other work within the City may create hazards to the public and may cause damage to public or private property if work is not properly planned, marked, secured, supervised, and performed; and

WHEREAS, The City desires to establish clear and consistent requirements ensuring that persons performing work within the City are properly insured, appropriately bonded when required, financially capable of completing the work, and responsible for correcting hazards and repairing damage resulting from their operations; and

WHEREAS, The City further desires to ensure that underground and above-ground utilities, streets, sidewalks, drainage facilities, water systems, sewer systems, traffic-control devices, signs, structures, and other infrastructure are properly identified, protected, and restored when affected by work; and

WHEREAS, The City Council finds that establishing uniform requirements for contractors and vendors performing work within the City is in the best interest of the citizens of Sulphur.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SULPHUR, LOUISIANA:

SECTION 1. PURPOSE AND INTENT

The purpose of this Ordinance is to establish minimum requirements for contractors, subcontractors, vendors, utility companies, franchisees, developers, and other persons performing work within the City of Sulphur.

The requirements are intended to:

1. Protect the public from hazards created by construction, excavation, utility, maintenance, and other work;
2. Protect City-owned and publicly maintained property and infrastructure;
3. Require appropriate identification and marking of work areas and hazards;
4. Establish financial responsibility for damage caused by contractors or vendors;
5. Require appropriate insurance coverage;

6. Require performance, payment, restoration, or other bonds when warranted by the nature and projected cost of the work;
7. Ensure that contractors have sufficient financial responsibility to complete their obligations;
8. Establish consistent documentation and accountability requirements; and
9. Reduce the City's exposure to unnecessary costs resulting from contractor or vendor operations.

SECTION 2. APPLICABILITY

This Ordinance shall apply to any contractor, subcontractor, vendor, utility company, franchisee, developer, service provider, or other person or entity performing work within the City of Sulphur when such work:

1. Requires a City permit, approval, authorization, inspection, franchise, right-of-way use, or other City authorization;
2. Takes place on, under, over, or adjacent to a City street, sidewalk, drainage facility, utility, right-of-way, easement, public building, public property, or other City-controlled property;
3. Has the potential to affect public safety, traffic, utilities, drainage, or City infrastructure; or
4. Is performed pursuant to a contract, purchase order, agreement, franchise, or other authorization issued by or involving the City.

Nothing in this Ordinance shall be interpreted to exempt a contractor or vendor from any additional requirement imposed by state or federal law, the City's Code of Ordinances, a franchise agreement, permit, contract, or applicable technical standard.

SECTION 3. CONTRACTOR AND VENDOR REGISTRATION

Before commencing work requiring City authorization, the contractor or vendor shall provide the City with documentation reasonably necessary to establish:

1. The legal name and physical address of the contractor or vendor;
2. The name and contact information of the responsible project manager or supervisor;
3. Applicable state and local licenses;
4. Proof of required insurance;
5. Proof of required bonding;
6. A description and estimated cost of the work;
7. The anticipated beginning and completion dates;
8. The location of the work;
9. Identification of subcontractors expected to perform material portions of the work; and
10. Any other information reasonably necessary for the City to determine whether the proposed work can be safely performed.

SECTION 4. WORK AREA IDENTIFICATION AND MARKING

Before beginning work that may create a hazard to pedestrians, motorists, City employees, utility workers, emergency personnel, or surrounding property, the contractor or vendor shall properly identify and mark the work area.

Where applicable, markings shall identify:

1. Excavations;
2. Open trenches;
3. Underground utility locations;
4. Above-ground utility facilities;
5. Construction zones;
6. Temporary obstructions;
7. Equipment or materials that may create a hazard;
8. Areas where traffic, pedestrian movement, or access has been altered; and
9. Any other condition that reasonably presents a hazard to the public.

All markings, barricades, warning devices, signs, lighting, and traffic-control measures shall comply with applicable federal, state, and City requirements.

SECTION 5. DUTY TO MAINTAIN SAFE CONDITIONS

A contractor or vendor shall maintain its work area in a reasonably safe condition throughout the duration of the work.

The contractor or vendor shall not leave an excavation, obstruction, equipment, material, debris, utility opening, or other dangerous condition unsecured or inadequately marked.

When work is temporarily suspended, the contractor or vendor shall secure the site so that the public and City personnel are reasonably protected from hazards.

SECTION 6. IMMEDIATE CORRECTION OF HAZARDS

If a contractor or vendor creates or discovers a condition that presents an immediate danger to the public, the contractor or vendor shall take immediate action to secure the area and eliminate or control the hazard.

If the contractor or vendor fails to take appropriate action within a reasonable period, the City may take emergency action to protect the public.

The City may seek reimbursement from the responsible contractor or vendor for reasonable costs incurred by the City in responding to or correcting a hazard caused by the contractor or vendor, to the extent permitted by law.

SECTION 7. DAMAGE TO CITY PROPERTY OR INFRASTRUCTURE

Any contractor or vendor performing work within the City shall be responsible for damage caused by its operations, employees, agents, subcontractors, equipment, or other persons acting on its behalf.

This includes, but is not limited to:

1. Streets;
2. Sidewalks;
3. Curbs and gutters;
4. Drainage systems;
5. Water lines and facilities;
6. Sewer facilities;
7. Utility infrastructure;
8. Traffic signals;
9. Signs and traffic-control devices;
10. Public buildings;
11. Landscaping;
12. Fences;
13. Public vehicles or equipment; and
14. Other City-owned or publicly maintained property.

The contractor or vendor shall promptly notify the City of any damage and shall cooperate with the City in determining the appropriate method of repair or restoration.

SECTION 8. FINANCIAL RESPONSIBILITY FOR REPAIRS

When damage is caused by a contractor, vendor, subcontractor, or other party performing authorized work, the responsible party shall be financially responsible for the reasonable cost of repairing, replacing, restoring, or otherwise correcting the damaged property, to the extent permitted by law.

The City may require the responsible party to:

1. Repair the damage to City standards;
2. Pay the City’s reasonable cost of having the work performed;
3. Reimburse the City for reasonable emergency-response expenses;
4. Provide additional security or bonding when necessary and legally authorized; or
5. Take another lawful corrective action approved by the City.

Repairs shall be completed within the time period established by the City, taking into consideration the severity and nature of the damage.

SECTION 9. INSURANCE REQUIREMENTS

Before commencing work, contractors and vendors shall provide evidence of insurance coverage appropriate to the nature and scope of the work.

At a minimum, when applicable, coverage shall include:

1. Commercial general liability insurance;
2. Automobile liability insurance;
3. Workers' compensation insurance as required by law;
4. Employer's liability coverage where applicable; and
5. Any additional insurance reasonably required by the City based upon the nature, location, risk, or projected cost of the work.

Insurance requirements shall be established in the applicable contract, permit, franchise agreement, bid documents, or other City authorization.

The City may require the City of Sulphur to be named as an additional insured when appropriate and legally permissible.

Proof of insurance shall be provided before work begins and upon request during the project.

SECTION 10. BONDING REQUIREMENTS

The City may require a contractor or vendor to furnish an appropriate bond or other legally authorized security when warranted by:

1. The projected cost of the work;
2. The complexity of the project;
3. The potential risk to public property or infrastructure;
4. . The potential risk to public safety;
5. The anticipated duration of the project;
6. The likelihood of substantial restoration costs; or
7. Any other factor reasonably related to protecting the City's financial interests.

The amount of required bonding shall be reasonably related to the projected value, risk, and scope of the work and shall comply with all applicable Louisiana law.

For work involving substantial public infrastructure, excavation, roadway work, drainage, utilities, or other significant risks, the City may require performance, payment, restoration, or other appropriate bonds as authorized by law.

SECTION 11. INSURANCE AND BONDING SHALL BE PROPORTIONAL TO THE WORK

No contractor or vendor shall be permitted to perform a project for the City or within City-controlled property without insurance and bonding requirements appropriate to the projected scope and value of the work when such requirements are legally authorized and applicable.

For purposes of determining appropriate financial protection, the City may consider the total projected value of the project, including approved change orders and reasonably anticipated additional work.

Work shall not be intentionally divided, separated, or structured for the purpose of avoiding applicable insurance, bonding, procurement, bidding, or other legal requirements.

SECTION 12. SUBCONTRACTORS

A contractor shall remain responsible for work performed by its subcontractors to the extent provided by applicable law and the applicable contract.

The primary contractor shall ensure that subcontractors performing work that creates a public safety or property risk maintain appropriate insurance and qualifications.

The City may require documentation concerning subcontractors before allowing them to perform work within City-controlled areas.

SECTION 13. UTILITY AND EXCAVATION WORK

Before excavation or other work that may affect underground utilities, the responsible party shall comply with all applicable Louisiana utility-location and excavation requirements.

The contractor shall take reasonable precautions to protect existing utilities and infrastructure.

Any damage to utilities or infrastructure caused by the contractor’s operations shall be immediately reported and addressed.

Where water is obtained from City facilities for construction or other authorized purposes, the responsible party shall comply with applicable City requirements concerning meters, hydrants, permits, usage records, fees, and payment.

SECTION 14. TRAFFIC AND PEDESTRIAN SAFETY

Contractors performing work in or adjacent to public rights-of-way shall maintain appropriate traffic and pedestrian controls.

Where necessary, contractors shall provide:

1. Warning signs;
2. Barricades;
3. Cones and channelizing devices;
4. Appropriate lighting;
5. Safe pedestrian routes;
6. Traffic-control personnel; and
7. Other measures required by applicable law or City officials.

The contractor shall not create an unnecessary obstruction or unsafe condition in a public right-of-way.

SECTION 15. INSPECTIONS

The City may inspect work covered by this Ordinance to determine compliance with applicable permits, contracts, safety requirements, restoration requirements, and other City requirements.

Inspection by the City does not relieve the contractor or vendor of responsibility for performing the work safely, properly, and in compliance with applicable law.

A City inspection or failure to inspect shall not constitute acceptance of defective, unsafe, or incomplete work.

SECTION 16. RECORDS AND DOCUMENTATION

Contractors and vendors shall maintain documentation reasonably necessary to establish compliance with this Ordinance and the applicable contract or permit.

Upon lawful request, such documentation may include:

1. Insurance certificates;
2. Bond documentation;
3. Permits;
4. Project plans;
5. Work schedules;
6. Subcontractor information;
7. Utility-location documentation;
8. Inspection records;
9. Damage reports;
10. Repair records; and
11. Other records required by the applicable contract, permit, or law.

SECTION 17. EMERGENCY WORK

Nothing in this Ordinance shall prevent emergency work necessary to protect life, health, safety, or property.

A contractor or utility provider performing emergency work shall comply with applicable requirements as soon as reasonably practicable and shall notify the appropriate City department as soon as reasonably possible.

Emergency authorization shall not automatically waive the responsible party’s obligation to repair damage or restore City property.

SECTION 18. NONCOMPLIANCE

Failure to comply with this Ordinance, an applicable permit, contract, franchise agreement, or lawful directive may result in any remedy authorized by law, including:

1. Notice of violation;
2. Requirement to immediately correct the violation;
3. Suspension of work;
4. Suspension or revocation of a permit when legally authorized;
5. Withholding of payment when legally authorized;
6. Requirement for additional security or corrective measures;
7. Recovery of lawful repair or response costs;
8. Contractual remedies;
9. Administrative penalties where authorized by law; and
10. Referral for enforcement under applicable City or state law.

Nothing in this Section shall authorize the City to impose a remedy that is prohibited by state or federal law.

SECTION 19. RESPONSIBILITY FOR PUBLIC SAFETY AND PROPERTY

The issuance of a permit, approval, contract, franchise, or other authorization by the City shall not transfer responsibility for the safety of the contractor's work area from the contractor to the City.

Each contractor and vendor remains responsible for the acts and omissions of its employees, agents, equipment operators, and subcontractors to the extent provided by applicable law.

SECTION 20. NO WAIVER OF PROCUREMENT OR PUBLIC BID REQUIREMENTS

Nothing contained in this Ordinance shall be interpreted as authorizing the City, a contractor, vendor, department, employee, or elected official to avoid or circumvent any applicable Louisiana public bid law, procurement requirement, competitive bidding requirement, purchasing requirement, ethics law, conflict-of-interest law, franchise requirement, or other applicable law.

Projects shall not be divided, modified, or structured for the purpose of avoiding an applicable statutory or City requirement.

SECTION 21. CONFLICTS OF INTEREST AND DISCLOSURE

All contractors, vendors, subcontractors, City officials, employees, and other persons participating in City procurement or contracting activities shall comply with all applicable Louisiana ethics laws, conflict-of-interest laws, procurement laws, and City policies.

Nothing in this Ordinance shall be construed to replace or limit any disclosure, recusal, competitive procurement, or ethics requirement imposed by law.

SECTION 22. IMPLEMENTATION

The Mayor or his or her designee, together with the appropriate City departments, shall establish administrative procedures necessary to implement this Ordinance.

Such procedures may include standardized:

1. Contractor registration forms;
2. Insurance requirements;
3. Bonding requirements;
4. Work-area marking requirements;
5. Damage-reporting procedures;
6. Inspection procedures;
7. Restoration requirements; and
8. Contractor compliance documentation.

Any administrative procedure adopted pursuant to this Ordinance shall be consistent with this Ordinance and applicable Louisiana law.

SECTION 23. SEVERABILITY

If any provision of this Ordinance, or its application to any person or circumstance, is determined to be invalid or unenforceable, such determination shall not affect the remaining provisions or applications of this Ordinance, which shall remain in full force and effect to the greatest extent permitted by law.

SECTION 24. EFFECTIVE DATE

This Ordinance shall become effective upon adoption, approval, and publication as required by applicable law.

SECTION 25. CODIFICATION

The provisions of this Ordinance shall be incorporated into the Code of Ordinances of the City of Sulphur in the appropriate location, and the City Clerk is authorized to make any necessary formatting, numbering or grammatical, provided such changes do not alter the substantive provisions adopted by the City Council.

SECTION 26. ATTACHMENT / ADMINISTRATIVE IMPLEMENTATION

Upon adoption, the City Administration should establish standardized contractor requirements addressing:

1. Proof of licensing;
2. Certificate of insurance;
3. Additional insured status when appropriate;
4. Workers’ compensation;
5. General liability;
6. Automobile liability;
7. Bonding requirements based upon projected work value and risk;
8. Contractor and subcontractor identification;

9. Utility locating;
10. Work-zone markings;
11. Barricades and traffic control;
12. Public safety;
13. Damage reporting;
14. Emergency response;
15. Restoration deadlines;
16. Documentation of repairs;
17. Water and hydrant usage documentation where applicable; and
18. Enforcement procedures.

BE IT ALSO FURTHER ORDAINED that this Ordinance shall become effective upon the Mayor's signature.

APPROVED AND ADOPTED by the City Council of the City of Sulphur, Louisiana, on this _____ day of _____, 2026.

THIRD AMENDMENT TO WATER TOWER LEASE AGREEMENT

THIS THIRD AMENDMENT TO WATER TOWER LEASE AGREEMENT (the "Third Amendment") is made and shall be effective, as of the last date of the signatures below ("Effective Date"), between City of Sulphur, Louisiana ("LESSOR") and Cellco Partnership d/b/a Verizon Wireless ("LESSEE"). LESSOR and LESSEE (or their predecessors in interest) entered into that certain Water Tower Lease Agreement dated August 21, 2002, as may have been previously amended and/or assigned (the "Agreement"), pursuant to which LESSEE is leasing from LESSOR a portion of that certain property located at 130 Benoit Lane, Sulphur, LA 70663, as more particularly described in the Agreement. LESSOR and LESSEE may be referenced in this Third Amendment individually as a "Party" or collectively as the "Parties."

In consideration of the mutual covenants and promises contained in this Third Amendment, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by the Parties, the Parties agree to amend the Agreement as follows:

1. LESSEE shall be allowed to make the equipment additions or removals necessary to configure LESSEE's equipment as shown on Attachment A, attached hereto. For all purposes under the Agreement as amended hereby, the descriptions and specifications of LESSEE's equipment set forth in the Agreement, including, without limitation, any equipment descriptions and specifications with respect to LESSEE's equipment set forth in any schedules, exhibits or attachments to the Agreement, are hereby deleted and replaced with the specifications of LESSEE's equipment described in Attachment A, attached hereto.

2. Commencing on September 1, 2027, the Agreement shall be extended for 5 years ("Initial Extension Term") unless LESSEE terminates the Agreement by giving LESSOR notice of such termination at least 30 days prior to the expiration of the then-current term. The term of the Agreement shall thereafter automatically extend for 5 additional terms of 5 years each (each, an "Additional Extension Term"), unless LESSEE terminates the Agreement by giving LESSOR notice of such termination at least 30 days prior to the expiration of the Initial Extension Term or then-current Additional Extension Term.

3. The notice address for LESSEE in the Agreement is hereby amended as follows:

   If to LESSEE: Basking Ridge Mail Hub
   Attn: Legal Intake
   One Verizon Way
   Basking Ridge, NJ 07920

4. Unless otherwise provided herein, all defined terms shall have the same meaning as ascribed to such terms in the Agreement.

verizon

5. In the event of any conflict or inconsistency between the terms of this Third Amendment and the Agreement, the terms of this Third Amendment shall govern and control.

6. Except as otherwise provided for in this Third Amendment, the Agreement shall remain in full force and effect in accordance with the original terms of the Agreement.

ORDINANCE NO. M-C SERIES

ORDINANCE CREATING A HOME RULE CHARTER COMMISSION FOR THE CITY OF SULPHUR.

WHEREAS, in accordance with Section 7-06 (E) of the Home Rule Charter of the City of Sulphur, the City Council may appoint, by ordinance, a Home Rule Charter Commission; and

WHEREAS in accordance with LSA-R.S. 33:1395-1 the following provisions are applicable to Charter Commissions:

Section 1. BE IT ORDAINED that the Charter Commission shall be subject to the following provisions:

A. The terms of charter commission members shall expire with either the adoption or rejection of the charter by the voters. In situations where no charter has been drafted by the end of the eighteen-month time-period, members' terms shall automatically expire; and
B. The full text of the proposed charter shall be published once in the official publication of the municipality or parish within thirty days after its submission to the local governing authority of the municipality or parish. Responsibility for publication rests with the governing body affected. If a parish and a municipality are involved, publication shall be by the parish in its official journal; and
C. Members of the commission shall reside and be a registered voter of the City of Sulphur; and
D. The commission shall consist of not less than seven nor more than eleven members. The members of the commission shall take office immediately after appointment. The proposed charter shall not be altered or changed in any way by the governing authority of the municipality.

E. The said commission shall consist of the following members:

1.
2.
3.
4.
5.
6.
7.

Section 2. BE IT FURTHER ORDAINED by the City Council of the City of Sulphur, Louisiana that they do hereby create a Home Rule Charter Commission for the City of Sulphur in accordance with the provisions of Section 1.

Section 3. BE IT FURTHEREST ORDAINED that this Ordinance shall become effective upon the Mayor’s signature or in the manner for effectiveness of ordinances without the Mayor’s signature.

RESOLUTION NO. , M-C SERIES

RESOLUTION AMENDING RESOLUTION NO. 3674, M-C SERIES, SECTION 8 - COMMENTS BY THE COUNCIL, MAYOR AND PUBLIC ON AGENDA ITEMS.

BE IT RESOLVED by the City Council of the City of Sulphur, Louisiana, the governing authority thereof, in regular session convened that:

SECTION 1: Procedure for establishing agenda for regular Council meeting.

The procedure for establishing an agenda for a regular meeting of the City Council of the City of Sulphur, Louisiana, shall be as follows:

A. **Contact by Interested Persons** – Any interested persons who desire to be heard at any Council meeting on any matters relative to City government shall contact the Clerk of the Council or their respective Councilman during business hours prior to the Monday two (2) weeks before a regular Council meeting.

B. **Establishment of Proposed Agenda** – On the Monday two (2) weeks prior to any regular Council meeting, the Clerk of the Council shall contact the Mayor and each Council member for the purpose of establishing a proposed agenda for the forthcoming Council meeting. At that time, the Clerk of the Council shall advise the Mayor and each Council member of all hold-over items of business and all items of business received from the public.

No one other than the Mayor or any Council member may place an item on the proposed agenda.

In the interest of time, matters which may be resolved administratively shall not be placed on the agenda to be brought before the Council unless otherwise unresolved.

C. **Notice as to Proposed Agenda; Objection** – The Clerk of the Council shall deliver a copy of the proposed agenda to the Mayor and to each Council member at least 13 days prior to the Council meeting. If the Mayor or any Council member objects to the placing of any item on the proposed agenda, he shall immediately notify the Clerk of the Council, who shall, personally contact the Mayor and each Council member, advising of the objection to placing the item on the agenda. The item shall be removed from the agenda upon a unanimous decision of the Council; if removed, the person requesting that the item be placed on the agenda shall be notified by the Clerk of the Council. The Clerk of the Council shall then send the proposed agenda to the media.

D. **Notice as to Finalized Agenda; Provision for Additional Matters** – On the Monday prior to each Council meeting, the Clerk of the Council shall contact the Mayor and each Council member for the purpose of establishing the final agenda. At that time, the Clerk of the Council shall collect any new items that weren't on proposed agenda. If the Mayor or any Council member objects to the placing of any item on the final agenda, he shall immediately notify the Clerk of the Council, who shall personally contact the Mayor and each Council member, advising of the objection to placing the item on the agenda. The item shall be removed from the agenda upon a unanimous decision of the Council; if removed, the person requesting that the item be placed on the agenda shall be notified by the Clerk of Council. The Clerk of the Council shall then send the final agenda to the official journal, no later than the day following the finalization of said agenda, and the Clerk of the Council shall also post of copy of said agenda inside the entrance to City Hall not later than 4:30 o'clock p.m. on the Wednesday prior to the date of the regular meeting. The purpose of the foregoing is to fully inform the Mayor, each Council member and the general public of matters to be considered at that meeting; PROVIDED HOWEVER, that up to the time that the Clerk of the Council sends final agenda to the official journal additional matters may be added to said agenda by a written request to the Clerk of the Council which has the written consent of any three (3) members of the Council members thereon. Notice of these additional matters which have been placed on the agenda shall also be posted inside the entrance to City Hall by the Clerk of the Council, who shall notify the Mayor, each member of the Council, and the official journal, in the most expeditious way possible, of these additional items being placed on the agenda.

E. **Matters to be heard at Council Meetings** – Only the business stipulated in said agenda, or that's added to said agenda in the manner set forth hereinabove, will be considered at said meeting, except that a matter of business presented by the Mayor or by a Council member may be considered at said meeting after receiving a unanimous vote of the Council in accordance with state law, PROVIDED that said item of business be a routine administrative matter which developed between the time the agenda was submitted for publication and the said meeting.

F. **Notice to City Attorney** – In order that all items may be checked by the City Attorney as to form and legality so that he may give adequate advice to the Council in connection therewith, the Clerk of the Council shall immediately deliver to the City Attorney the proposed agenda; said Clerk shall also immediately deliver to the City Attorney the finalized agenda as established on the Monday preceding the regular Council meeting, and also any other item which may be subsequently added to said agenda before it has been posted at the front entrance to City Hall as provided in D above.

SECTION 2: Filing of Proposed Resolutions or Ordinances with Clerk of Council.

Any resolution or ordinance which has been prepared and which has been placed on the agenda shall be placed on file with the Clerk of the Council no later the 4:30 o'clock P.M. on the Wednesday preceding the regular Council meeting, upon the request of the Mayor or any Council member.

SECTION 3: Identification of Items

At the time any item, either resolution or ordinance, is placed on the agenda for Council meeting, said item shall be assigned a number and labeled with said number and the date on which said item can be considered by the Council, and shall also bear thereon the name of the sponsor of said item. The Council at its meeting shall consider the items which have been so dated and labeled in the order in which they have been numbered, except for those items moved around at the time of approval of the agenda.

SECTION 4: Time of Regular Meeting

All regular meetings of the Council shall commence at 5:30 o'clock P.M. on the second Monday of the month, or on the following day in the event that the second Monday is a legal holiday, or on such other day as may be established by ordinance of the City Council as the regular meeting date of the Council, or as a Council meeting may be continued by the Council, PROVIDED that any regular meeting may be adjourned from time to time in the event of lengthy sessions.

SECTION 5: Roberts Rules of Order

The rules contained in Roberts Rules of Order shall govern the conduct of all meetings of the Council in all cases to which they are applicable and in which they are not inconsistent with the Sulphur Home Rule Charter, special rules of order the Council may adopt, or State law.

SECTION 6: Special and/or Emergency Meetings

Special and/or emergency meetings of the Council may be called by the Mayor, or by the Chairman (or the Vice-Chairman, in the absence of the Chairman), or by any three (3) Council members. All notices calling a special and/or emergency meeting shall be issued by the Clerk of the Council. Public Notice of any special and/or emergency meeting shall be given by posting of said notice inside the entrance of City Hall; the Clerk of the Council shall also notify the Mayor, each Council member, the City Attorney, and the official journal not later than twenty-four (24) hours before the scheduled meeting. The notice shall

distinctly specify the subject matter (s) of the business to be acted upon. The power of the Council to act at a special and/or emergency meeting shall be limited, under penalty of nullity, to the matter (s) specifically enumerated in the call.

SECTION 7: Order of Business:

The order of business at all regular meetings of the Council shall be as follows:

1. Call to order;
2. Invocation;
3. Pledge of Allegiance;
4. Roll Call;
5. Approval of the minutes of previous meetings;
6. Approval of agenda;
7. Consideration of, and action upon, those items on the agenda;
8. Public to address Council;
9. Adjournment.

The order of business at special and/or emergency meetings of the Council shall be as follows:

1. Call to order;
2. Invocation;
3. Pledge of Allegiance;
4. Roll Call;
5. Consideration of, and action upon, those item(s) stated in the call for the special meeting;
6. Adjournment.

SECTION 8: Comments by the Council, Mayor and Public on agenda items.

In view of the many items to consider and views to be expressed, the Mayor and each member of the Council shall be allowed reasonable time for questions or to express his or her views without interruption from the other members.

~~The City of Sulphur City Council hereby establishes a three (3) minute rule on individual comments on agenda items by the public. This time can be extended by a two-thirds (2/3) vote of the Council. A vote shall be held after proper motion for a specific additional amount of time after request by the individual seeking additional time.~~

~~To be entitled to comment on an agenda item, a person must complete a separate Request to Appear form on every item on the agenda which they request to speak, either in Support, in Opposition or Information Only, which includes the information shown on the exhibit attached hereto and present it to the Clerk of the Council, prior to the start of the meeting, or at the latest, before the item is called for discussion. The public may comment on any agenda item.~~

~~If any group of proponents or opponents chooses to appoint an individual to speak on their behalf, they may sign the Request to Appear form, indicating the individual authorized to speak on their behalf. Any speaker representing a group of individuals shall be limited to the time assigned to them, not to exceed twelve (12) minutes with five (5) minutes for rebuttal for a total of seventeen (17) minutes.~~

Each agenda item should have its own sign-in sheet for citizen comments, listing the agenda item as numbered, along with the description of that item. The sign-in sheets will be placed at the entrance of the council meeting. Before the commencement of a council meeting, as citizens arrive, they can sign up to speak for each item by writing their name on the posted sign-in sheets. The master sign-in sheet is handed to the Chairman just before the meeting begins. During discussion of that item on the agenda, citizens are called on based on who signed up first and are called in order. After all names on the list have spoken, then the

Chairman can ask if there is anyone else that would like to speak on that agenda item.

When speaking, citizens will initially be given 5 minutes to speak. At the end of the 5 minutes, the Chairman has the option to give the speaker an additional 2 minutes by simply letting the speaker know his time has run out and will be given an additional 2 minutes if necessary.

Any questions and answers involving the Council Members and the speaker shall be made in addition to the time allotted herein. The City Attorney shall time all the public comments and exclude the time of questions from the Council Members and answers to same from the speaker. In the City Attorney's absence, the President of the City Council shall designate another timekeeper.

This rule shall apply to any and all meetings.

In accordance with the Home Rule Charter, Section 2-07(E) – The Council shall allow any citizens, wishing to be heard on any matter related to city government prior to the conclusion of the regular council meeting according to the procedures and time limitations set forth herein, including, but not limited to, the requirement to complete a Request to Appear.

SECTION 9: Terms of Chairman and Vice-Chairman

The Chairman and Vice-Chairman of the City Council shall be elected by the members of the City Council at their regular City Council meeting in May of each year to serve for a term of one (1) year.

SECTION 10: Effective Date of Resolution.

These rules and regulations shall be applicable on the date of adoption.

APPROVED AND ADOPTED by the City Council of the City of Sulphur, Louisiana, on this ____ day of _____, 2026.

RESOLUTION NO. , M-C SERIES

RESOLUTION GRANTING A VARIANCE TO JESSE OLIVER, 763 NORTH CLAIBORNE STREET, TO ALLOW FOR CHICKEN ENCLOSURE TO BE 40 FEET FROM THE WEST PROPERTY LINE AND 42 FEET FROM THE NORTH AND SOUTH PROPERTY LINES RATHER THAN THE REQUIRED 50 FEET.

WHEREAS, in accordance with Chapter 4, Section 6 of the Code of Ordinances of the City of Sulphur, a chicken enclosure shall not be nearer than 50 feet from any property line used for either residential or commercial purposes; and

WHEREAS, applicant is requesting a variance to allow for the chicken enclosure to be located the following distances from the following property lines:

- To be located 40 feet from the west property line.
- To be located 42 feet from the north and south property lines.

WHEREAS, the following described property located in the City of Sulphur, State of Louisiana, is owned by Jesse Oliver, 763 North Claiborne Street, Sulphur, Louisiana 70663, to-wit:

ONE CERTAIN PARCEL OF GROUND, SITUATED IN THE PARISH OF CALCASIEU, STATE OF LOUISIANA, COMMENCING 1670 FEET NORTH AND 30 FEET WEST OF THE SOUTHEAST CORNER OF THE EAST HALF OF THE EAST HALF OF THE SOUTHEAST QUARTER (E ½ OF E ½ OF SE ¼) OF SECTION 28, TOWNSHIP 9 SOUTH, RANGE 10 WEST; THENCE WEST A DISTANCE OF 116 FEET; THENCE NORTH A DISTANCE OF 73 FEET; THENCE EAST A DISTANCE OF 116 FEET AND THENCE SOUTH A DISTANCE OF 73 FEET TO THE POINT OF COMMENCEMENT.

This variance is granted by the City of Sulphur and may be withdrawn by the City of Sulphur should said variance interfere with the rights and privileges owned by the City of Sulphur pursuant to a pre-existing right of way, servitude or easement. If withdrawn, any improvements constructed thereon shall be removed at the expenses of owner thereof.

Grantee hereby agrees and contracts to hold Grantor harmless from any damages created and/or caused by the granting of this variance, including, but not limited to, litigation defense, litigation costs, violation of subdivision restrictive covenants, building code violations or any other damages, property and/or monetary or otherwise, relating thereto.

BE IT RESOLVED that the City Council does hereby grant a variance to Jesse Oliver, 763 North Claiborne Street, to allow for chicken enclosure to be 40 feet from the west property line and 42 feet from the north and south property lines rather than the required 50 feet.

BE IT FURTHER ORDAINED that this Ordinance shall become effective upon Mayor's signature.

APPROVED AND ADOPTED by the
City Council of the City of Sulphur on this
_____day of _____, 2026.

VARIANCE REQUEST INFORMATION

Purpose of Variance Request: West prop. line 40 feet, N and S prop. line 42 ft. rather than 50 ft.

How did you find out you needed a variance? The Inspector

I do hereby understand that no petition for a change in the classification of property shall be filed unless such petition is duly signed and acknowledged by the owners of authorized agents of not less than fifty (50) percent of the area of land for which a change of classification is requested; provided however, that where any lot located in the aforesaid area is owned in division, all co-owners must sign the petition for that lot to be included in the fifty (50) percent area provision, as stated in the City of Sulphur Land Use Ordinance, Number 541, M-C Series.

Further, I do certify that the property for which the above request is being made does not hold any restrictions or covenants that would be in conflict with said request.

Furthermore, I, the applicant agree to dispose of the sign(s) placed on my property after the hearing.

RESOLUTION NO. _____ M-C SERIES

Resolution authorizing the advertisement of bids for Stationary SCBA/Cascade Fill Station & Installation for the Fire Department.

BE IT RESOLVED by the City Council of the City of Sulphur, Louisiana, the governing authority thereof, that they do hereby authorize advertisement for bids for Stationary SCBA/Cascade Fill Station & Installation for the Fire Department, said bid to be in accordance with the quantities and specifications on file with the City of Sulphur Finance Department.

BE IT FURTHER RESOLVED that the advertisement of bids will be in "The American Press, the official journal of the City of Sulphur, in three separate publications, giving notice as follows:

NOTICE TO BIDDERS

Separate and sealed bids for the advertisement of bids for Stationary SCBA/Cascade Fill Station & Installation for the Fire Department, will be received by the Clerk of the Council until 10:00 a.m. on the 20th day of October, 2025, at which time bids will be opened and read aloud in an open and public bid opening session to be conducted by the Director of Finance in the Conference Room at City Hall, and the City Council shall at a regular meeting on the 9th day of November, 2026, at 5:30 p.m. proceed to award the bid to the lowest bidder, to waive irregularities, or to reject any and all bids, or otherwise proceed thereto as provided by law. Bids are also available electronically at www.centralbidding.com; free membership is required to access. Said bids to be in accordance with the quantities and specifications on file with the City of Sulphur Finance Department located at 101 North Huntington Street, Sulphur, Louisiana

APPROVED AND ADOPTED by the City Council of the City of Sulphur, Louisiana, on this _____, day of _____, 2026.

CITY OF SULPHUR

PURCHASING REGULATIONS

1. BID FORMS: The City assumes no responsibility for failure to send proposals. Proposals and specifications can be obtained at the Purchasing Department or electronically at www.bidexpress.com. Full information or any questions answered by contacting the Purchasing Department, 101 N Huntington St., Sulphur, LA 70663.

   a) Bidders are advised to familiarize themselves with these purchasing regulations of the City of Sulphur and particularly those provisions with respect to strict compliance with the bid proposal. These bid proposal forms shall remain together with the complete contract documents as originally issued. Copies of addenda, if any, shall be attached to the complete forms submitted. Altered or incomplete proposals, or use of substitute forms or documents, will render the bid irregular.

   b) In an effort to streamline the process for contracting with the City of Sulphur and in accordance with Act No. 590 of the 2008 Regular Session of the Louisiana Legislature, electronic copies of bid solicitation documents, including general and technical specifications, and technical drawings or plans, bid/proposal forms, submittal instructions, and any addenda revisions to the original specifications may be viewed online, downloaded and printed. The new system will provide prospective bidders quicker access to solicitation information and documents. Bidders must self-register online. This information may be accessed through www.bidexpress.com.

   c) Bids may be submitted on forms furnished by this office fully filled in as to the delivery date etc. An original signature is to be affixed to each copy of the bid submitted to the Clerk of the Council, City Hall. The bidder shall be responsible for all errors or omissions in proposal.

2. LATE BIDS: No bid under any circumstances will be received or considered after the appointed hour. The method of delivery of the bid is the responsibility of the bidder. At any time prior to the schedule closing time for receipt of proposals, any bidder may withdraw his proposal. After scheduled closing time for receipt of proposals or before award of the contract, no bidder will be permitted to withdraw his proposal unless said award is delayed for a period exceeding thirty (30) days.

3. TAXES: All purchases made directly by the City of Sulphur are exempt from all taxes. Purchases made by contractors or subcontractors, on behalf of the City of Sulphur for City projects, are subject to all applicable sales tax.

4. Each BID MUST BE ACCOMPANIED BY A CERTIFIED CHECK, CASHIER'S CHECK, OR BIDDERS BOND. BIDS SUBMITTED WITHOUT BIDDERS BOND WILL BE REJECTED. BID BONDS SUBMITTED MUST BE IN ACCORDANCE WITH ACT 139 WHICH REQUIRES THAT BID BONDS BE FROM SURETY OR INSURANCE COMPANIES INCLUDED IN THE U. S. TREASURY DEPARTMENT'S FINANCIAL MANAGEMENT SERVICE LIST OR BY A LOUISIANA DOMICILED INSURANCE COMPANY WITH AT LEAST AN A- RATING IN THE A.M. BEST'S KEY RATING GUIDE. Amount shall be not less than five percent (5%) of the total bid or two thousand dollars ($2,000.00) (whichever is the lesser amount) and made payable to the CITY OF SULPHUR. In the case of items FOR SALE BY THE CITY OF SULPHUR, the successful bidder will be required to deposit CASH, CERTIFIED CHECK, OR CASHIER'S CHECK in the full amount immediately upon notification of acceptance (check made payable to the CITY OF SULPHUR). Surplus sale items offered as, is, where is. This provision does NOT apply to bids for labor only.

5. This bid must be firm for at least thirty (30) days and be subject to extension by agreement between the City and the bidder.

6. Any proposal for construction or doing of public work shall require a written contract, certificates of liability of insurance, and a Performance bond.

7. NET PRICES: Bid prices, unless otherwise specified, must be net including all transportation and handling charges fully prepaid by contractor to destination and subject only to cash discount. Bid prices shall be firm for acceptance for a minimum of forty-five (45) days. Bids containing "payment in advance" or "C.O.D." requirements may be rejected. Payments on the awarded bids shall be made upon delivery of equipment, supplies and/or services in accordance with the established "NET 30" payment procedures of the Department of Finance of the City of Sulphur.

8. NEW PRODUCTS: Unless specifically called for in the solicitation, all products for purchase shall be new, never previously used, and the current model and/or packaging. No remanufactured, demonstrator, used or irregular product shall be considered for purchase unless otherwise specified in the invitation. The manufacturer's standard warranty shall apply unless otherwise specified in the invitation.

9. The city reserves the right to divide items to avail themselves of the lowest bid. Bids will be evaluated by the City based on cost, quality, and adaptability of the particular material. The City reserves the right to reject any or all bids, waive any technicalities, and select the material that best suits their need, whether the price is the lowest or not.

10. Paper bids are to be submitted in a **SEALED ENVELOPE** to the Clerk of the Council, City Hall, 101 N Huntington Street, Sulphur, Louisiana 70663, on or before date and time specified in the proposal. The outside of the sealed envelope must reflect the name of the bidder, the item(s) for which the bid is submitted (see cover page of bid proposal). The method of submission of the bid is the responsibility of the bidder.

11. When applicable, if item, product and/or service are not available locally, according to State Bid Laws: Louisiana Revised Statue 38:2251: preference is hereby given to materials, supplies, and provisions, produced, manufactured, or grown in Louisiana, quality being equal to articles offered by competitors outside of the State.

12. Where name brands and models, makes or definite specifications are used within this specification, it is in order only to denote the minimum quality and standard. Equivalent and compatible products may be acceptable.

13. DELIVERY DEFAULT: Forfeiture of the successful bidder's cashier's check or certified check could result upon failure to deliver by firm delivery date quoted in bid unless extension of time is approved by the Mayor. If a bid bond is furnished, and the contractor fails to deliver by firm delivery date quoted in bid (unless extension of time is approved by the Mayor), the contractor will make payment in the amount of five percent (5%) of his bid price, within fifteen (15) days after written notice is given. Should it be necessary to file suit for collection thereof, attorney's fees in the amount of twenty-five percent (25%) of the amount of the bid bond shall be due and payable.

14. The undersigned certifies that he has carefully examined the instructions to bidders, terms, and specifications applicable to and made part of this proposal. He further certifies that the prices shown in the schedule of items on which he is bidding are in full accordance with the conditions, terms, and specifications of this proposal, and that any exceptions taken thereto may disqualify this bid.

SIGNED: _____

DATED: _____

A. GENERAL

1. The vendor will be expected to obtain all the equipment as specified, combine into route ready vehicles and deliver to the City in accordance with the time schedule outlined herein.

2. Unless otherwise stated in these specifications, all equipment supplied under these specifications shall be the manufacturer's latest production model, including all of its latest changes, including all approved and incorporated field designed and implemented changes, revisions and additions at the time of delivery. When consideration for other than current production models is specified, the City reserves the right to select either the current production or previous year model, whichever will serve the best interest of the City.

3. Notwithstanding anything in the bid process to the contrary, the sale of the described property shall not be considered effected until the property has been delivered, inspected and the price paid to said low bidder.

4. **ANY VARIATION TO BID AS ACCEPTED, CAN ONLY BE DONE BY WRITTEN CHANGE BY PURCHASING.**

B. DELIVERY

All bid items are to include the costs of shipment to 201 W. Darbonne Street, Sulphur La 70663 and installation of product, within Ninety (90) calendar days of the issuance of Purchase Order.

C. INSTALLATION

Install per the manufacturer's requirements

WARRANTY SUPPORT PAGE

1. The warranty support information below is important and will be used in evaluating the bid. The information is to be furnished with the bid using warranty support page. The questions are intended to evaluate the vendor's warranty support history and capability, and how the bidder intends to handle warranty on the units bid. If bidder intends to handle warranty work in a method not covered in the questions below, state specifically how you intend to do so. Bidders are required to provide the following information. Vague and ambiguous responses may result in the bid being rejected.

   a) Furnish all terms and conditions
   b) List by name and location the closest warranty and parts dealer for each component as bid

      1) Vehicle/Equipment warranty provider: _____

      2) Permanently attached equipment warranty provider: _____

   c) If at any time during the warranty period the party designated for warranty is unable to perform warranty work in a timely manner as determined by the City, the City may, as its option
      1) Perform warranty work with the City personnel
      2) Sublet warranty work

2. All cost for the performance of this work shall be reimbursed to the City in a timely manner.

Each bidder shall furnish all information below as requested under the warranty support section. If necessary, attach additional pages to this page.

STATIONARY SCBA/CASCADE FILL STATION WARRANTY:	

Provide information and cost on Extended Protection Warranty Plan for three (3) years.

SPECIFICATIONS

Specification for a breathing air station to refill self-contained breathing apparatus (SCBA) cylinders with purified air that meets or exceeds the requirements of CGA Pamphlet G-7, Compressed Air for Human Respiration, the requirements of ANSI/CGA G-7.1, Commodity Specification for Air, Grade E, and all other recognized standards for respirable air. The breathing air system shall be comprised, in part, of a high-pressure compressor and purification system module along with free standing storage system, fill control panel and containment fill station module. The system shall be designed for a maximum working pressure of 6,000 PSIG. All equipment shall be new and of current design and manufacture. The Manufacturer shall operate under a Quality Management System which complies with the requirements of ISO 9001:2015 for the design, manufacture, inspection, test, and service of air & gas compressors and associated spare parts for commercial and military applications. All equipment shall be new and of current design and manufacture. Used or refurbished equipment is unacceptable.

The breathing air station shall be supplied on steel base frames of welded construction. The frames shall be designed for both the static and dynamic loads of the system components and of sufficient size to adequately accommodate all the integral components. The modular frame shall each include four brackets to facilitate securing the leveled modules to a concrete floor using expansion anchors. The compressor module cabinet shall be of a foam-insulated variant and limiting noise levels to approximately 72 dba within one meter of the module. The cabinet enclosure shall incorporate a horizontally hinged, and gas shock supported operations panel. The front access door shall be of the Keyed-tool latch type inhibiting accidental access while the unit is running. Additionally, the door shall be equipped with an automatic system shutdown switch in the event someone opens the door while the system is operating. The cabinet side maintenance access doors shall be designed for easy lift off without the use of hand tools. The rear access panel shall incorporate recessed handholds and shall be of the lift off type as well. The design of the enclosure shall permit unrestricted cooling airflow to the compressor and prime mover, and provide access for operation, inspection and maintenance.

The fill station module shall include (2) position NFPA 1901 2016 Edition compliant SCBA fill station, stainless steel tubing and integral rack designed to accommodate two (2) air storage cylinders into an appliance-like enclosure. The enclosure shall resemble the compressor module to form an aesthetically pleasing and seamless appearance, complimenting each other, yet provide the flexibility of installing the compressor module in one part of the end-user's facility and the fill station module in yet another location, if so desired. The enclosures and base frames shall be finished with a baked on polyester powder coat paint for durability, corrosion resistance, and long life.

The station shall be designed for against-the-wall installation, operation, maintenance and single-point operator control from the front of each module. The design of the station shall permit unrestricted cooling airflow to the compressor and motor when installed against a wall. All system instrumentation, controls and access to the containment fill station shall be located at the front of the station. Each system module shall fit through a standard 36" doorway. The station shall be designed for continuous duty operation indoors with room temperatures ranging between 40°F and 115°F. Installation shall not require a special foundation; however, it is the responsibility of the purchaser to ensure the installation site has a solid and level foundation that can support the weight of the station as well as the availability of a qualified source of air for the intake of the compressor and adequate ventilation.

All piping and tubing shall be properly supported and protected to prevent damage from vibration during shipment, operation, or maintenance. Piping and tubing shall be installed in a neat and orderly arrangement, adapting to the contours of the station. All instrument tubing shall be 300 series stainless steel.

The station shall be warranted free from defects in material and workmanship for a period of twenty-four (24) months from date of shipment or twelve months from date of start-up, whichever expires first. The warranty shall not impose limitations on the station's accumulated operating hours during the warranty period.

Compliance to specifications YES_____ NO_____ Deviation explained:

Performance Table

Electrical Service	Charging Rate SCFM	HP	RPM	Air Processing Capability (cu ft)
Three (3) Phase	13.0	10.0	1420	67,000

The number of SCBA fills in 1st hour is calculated by using the following formula:

$$\frac{\text{FAD x 60 min/hr.}}{\text{(SCBA volume at fill pressure) - (SCBA volume at 500 PSIG)}} + \text{SCBA fills from storage}$$

Compliance to specifications YES_____ NO_____ Deviation explained:

Compressor

The compressor shall be an air-cooled, oil lubricated, four stage, 3-cylinder, reciprocating compressor. The crankcase shall be cast of a high strength, aluminum alloy. The crankshaft shall be of a single piece Nodular Graphite Iron construction

and supported in the crankcase by three long-life roller bearings. The connecting rods shall be of a single piece design with first, second and third stage being of a high strength aluminum alloy, the fourth stage connecting rod shall be constructed of forged steel. Each connecting rod shall incorporate a roller bearing at the crank end and needle bearing at the pin end. The pistons shall be constructed of an aluminum alloy. Piston rings on the second and third stage are of cast iron; first and fourth stage rings shall be of a high strength polymide. The final stage shall incorporate a ringed, free-floating, aluminum piston, which is driven by a guide piston and the previous stage's discharge pressure. The cylinders shall be of cast iron construction with deep cooling fins on the external surface for optimum heat dissipation. The cylinders shall be arranged in a "W" configuration with the first and second stage sharing one common stepped cylinder. Each cylinder shall be located directly in the cooling fan's blast. The cylinders shall be removable from the crankcase. The compressor's flywheel shall be of cast iron construction. A multi-wing, high velocity cooling fan shall be integral to the flywheel.

Inter-stage pressures shall be monitored via locally mounted pressure gauges.

An intercooler shall be provided after each stage of compression, and an aftercooler shall be provided after the final stage of compression. The coolers shall be individually detachable from the compressor, located directly in the cooling fan's blast and made of a stainless steel. The aftercooler shall be designed to cool the discharge air to within 18°F of ambient temperature. A cool-down cycle shall not be required prior to stopping the compressor.

A separator shall be supplied after the second and third stages of compression, and a coalescing separator shall be supplied at the discharge of the compressor. An automatic condensate drain (A.C.D.) system shall be supplied for all the separators. The drain solenoid shall be controlled by the PLC and shall be factory preset to drain the separators approximately every fifteen minutes for approximately six seconds. The A.C.D. system shall unload the compressor on shutdown for unloaded restart. An exhaust muffler and condensate reservoir shall be supplied. The condensate reservoir shall be manufactured of a non-corrosive polymide and shall be equipped with a high liquid level indication system to provide system shutdown and to alert the operator that the condensate reservoir is at capacity. The operator shall be alerted that the reservoir is at capacity via a scrolling text display message on the panel mounted operator / compressor interface. Manually operated valves shall be supplied to override the automatic operation of the A.C.D. system for test and maintenance purposes.

The compressor shall be lubricated by a combination splash and low-pressure lubrication system. The final stage of compression shall be lubricated by a pressurized lubrication circuit. The other stages and the driving gear shall be splash lubricated. The low-pressure lubrication circuit shall include a positive displacement oil pump, gear driven by the crankshaft, a non-adjustable oil pressure regulator, and a full-flow oil filter with replaceable element. Two highly visible sight glasses shall be included, one on each of the crankcase to check the oil level. The oil drain hose shall be of sufficient length to reach the outside of the compressor cabinet.

The final stage and oil pressure gauges shall be mounted on the instrument panel.

The compressor shall be equipped with an inlet filter with a replaceable particulate element.

Compliance to specifications YES_____ NO_____ Deviation explained:

Prime Mover and V-Belt Drive

The three-phase electric motor shall be of the T.E.F.C (Totally Enclosed Fan Cooled) design and the single-phase shall be of O.D.P (Open Drip Proof) design. The motor voltage and frequency shall be specified by the purchaser. The compressor and motor shall be mounted on a common base that is vibration isolated from the station's main frame. The compressor and motor shall be arranged in a vertical design. Power from the motor shall be transmitted to the compressor by a v-belt drive. Drive belt tensioning shall be accomplished via threaded tensioning rod working against an idler pulley. Rotation arrows shall be affixed in a conspicuous place on the compressor.

Compliance to specifications YES_____ NO_____ Deviation explained:

Purification System

The purification system shall purify high-pressure air to a quality that meets or exceeds the requirements of CGA Pamphlet G-7, Compressed Air for Human Respiration, ANSI/CGA G-7.1, Commodity Specification for Air, Grade E, and all other recognized standards for breathing air. Purification shall be achieved by mechanical separation of condensed oil and water droplets, adsorption of vaporous water by a desiccant, adsorption of oil vapor and elimination of noxious odors by activated carbon and conversion of carbon monoxide to respirable levels of carbon dioxide by catalyst.

The high-pressure purification chamber shall have a working pressure of 6000 PSIG. The purification system shall utilize a replaceable cartridge. The purification system shall be designed so that the replacement of the cartridge can be accomplished without disconnecting system piping. The design of the chamber shall preclude the possibility of operating the system without the cartridge installed or with an improperly installed cartridge. A bleed valve shall be provided to vent the purification system to facilitate replacing the cartridge. A pressure maintaining valve and a check valve shall be supplied downstream of the purification system to increase the efficiency of the purification system by maintaining a positive back pressure. A check valve shall be supplied between the coalescing separator on the compressor's discharge line and the purification system to maintain the positive pressure in the purification system when the compressor shuts down.

The purification system shall include an Electronic Moisture Monitor System. A sensor shall be located in the purifier cartridge for direct monitoring of moisture levels. The moisture monitor system shall warn the operator, in advance, of the impending expiration of the cartridge via a scrolling text display message on the panel mounted operator / compressor interface. The compressor shall shut down automatically and the operator notified via scrolling text display message on the panel mounted operator / compressor interface should the operator fail to change the cartridge within the warning period. The compressor shall not be capable of restarting until the used cartridge is replaced with a new one. The moisture monitoring system shall be of a fail-safe design. Should the electrical contact between the display module and sensor be disconnected, an immediate fault shut down shall be effected. For absolute safety and highest quality breathing air, no manual override shall be supplied for the moisture monitor.

Compliance to specifications YES_____ NO_____ Deviation explained:

Compressor Electrical Control & Instrumentation

The compressor control panel (CCP) shall include an across-the-line magnetic motor starter, fused power supply and PLC controller. The CCP shall be built in accordance with UL 508A, the standard for Industrial Control Panels and shall be affixed with a UL label.

The PLC compressor control system consists of a programmable logic controller for the monitoring, protection and control of the compressor systems.

Standard features of the CCP include:

- A NEMA type 4 electrical enclosure
- UL electrical panel
- A 7" Human Machine Interface (HMI)
- Emergency Stop Palm Button
- Home screen customizable with distributor contact information
- Real Time Clock (time and date)
- Compressor on / off
- Digital Display of Compressor Final Pressure
- Digital Display of Compressor Oil Pressure
- Digital Display of current Compressor Run Time
- Digital Display of Final Separator Cycle Count
- Compressor High Temperature Shutdown and Alarm
- Full support of the Automatic Condensate Drain system (interval and duration set points adjustable thru the HMI - password protected)
  - Digital Display of time to next ACD Cycle

  - Condensate Drain Reservoir full alarm

- Full support of the optional CO monitoring system
- Full support of the optional Hydrogen Sulfide Monitoring system
- Full support of the optional refrigerated dryer system
- Full support of the purification system moisture monitor warning and alarm functions
- Built in overtime timer set at 5 hours - optional times available
- Maintenance Timer (selectable between real time or compressor run time) to give Digital Display of all needed Preventative Maintenance Evolutions
- Motor overload alarm
- No resettable hour meter
- Recoverable Alarm History (last 5 fault shutdowns)
- Operator choice of display in BAR or PSI
-

For ease of Maintenance and Repair:

- PLC has removable Terminal Blocks for all functions
- Diagnostic EEPROM (Electrically Erasable Programmable Read-Only Memory) Capability
- Support of optional Communication Protocols
  - Ethernet Connection
- Wiring shall be encapsulated within a split corrugated type loom.

- Each wire end connection shall be machine crimped and numbered.

The HMI will provide display of all safety / fault shutdowns with a text read-out of up to three potential causes for the fault / shutdown.

The compressor oil pressure shall be monitored by a pressure transmitter and digitally displayed on HMI. The compressor shall shut down and a fault will be indicated on the HMI should the compressor's oil pressure drop below the factory preset value during operation. The oil pressure transmitter shall be by-passed during start-up to permit the oil pump to achieve the normal operating pressure.

The low oil pressure and final air pressure transmitters shall be equipped with sealed electrical connectors. The analog pressure sensors for oil pressure and final pressure shall have adjustable set point and deadband thru the HMI (password protected).

A temperature switch shall be supplied on the head of the final stage of compression. The compressor shall shutdown and a fault will be indicated on the HMI should the final stage temperature exceed the tamper-proof set point during operation.

Fault shutdowns shall not affect the ability to fill SCBA cylinders from the storage system as long as there is sufficient pressure in the storage to fill them.

Compliance to specifications YES_____ NO_____ Deviation explained:

Fill Station Control & Instrumentation

The instrument panel shall be located and arranged for visibility and easy access by the operator and for accessibility for inspection and maintenance. All components installed in the instrument panel shall be securely supported to eliminate vibration and undue force on instrument piping and to prevent damage during shipment, storage, operation, and maintenance. A hinged instrumentation panel shall be affixed to the front of the fill station module. The panel shall include a non-glare Lexan overlay. The overlay shall contain an embedded airflow schematic. The fill station instrument panel shall include the following standard features:

- Inlet pressure gauge
- Adjustable pressure regulator
- Regulated pressure gauge
- Two (2) fill control valves
- Two (2) fill pressure gauges
- One (1) relief valve for regulated fill pressure
- Two (2) Bank, Dual function cascade controls and including an air direction valve
- Provisions for factory or field modification to allow a different fill pressure at each fill position

The Dual Function cascade panels shall allow the simultaneous accomplishment of "refilling a storage bank" while "filling an SCBA from another storage bank" without the equalization of the storage bank pressures. Strategically placed tees and check valves shall allow the filling of a storage bank even though that storage bank's corresponding "bank valve" on the

cascade panel is in the closed position. In addition, the Dual Function system shall be equipped with an air directional valve to allow the operator to select "Fill-From Storage" or "Fill-From Compressor".

All piping and tubing shall be properly supported and protected to prevent damage from vibration during shipment, operation or maintenance. Piping and tubing shall be installed in a neat and orderly arrangement, adapting to the contours of the station. All instrument tubing shall be 300 series stainless steel.

All control panel mounted pressure gauges shall be 2 ½" diameter and be liquid filled. All panel-mounted components shall be labeled with a nameplate.

Compliance to specifications YES_____ NO_____ Deviation explained:

Air Storage System

The air storage rack shall be in a vertical configuration that is an integral part of the breathing air systems frame. The rack shall be designed and equipped with two (2) 6000 psi rated UN coded air storage receivers. Each receiver shall be built to accommodate 509 cubic feet of air at maximum pressure. Additionally, each receiver shall include a service valve and burst disc. The rack shall be designed to support the receivers in a secure manner and permit visual inspection of the receivers' external surface.

Compliance to specifications YES_____ NO_____ Deviation explained:

Containment Fill Station

The front-loading, two position; containment fill station shall totally enclose the SCBA or SCUBA cylinders, up to 31" maximum overall length, including valve, boot and fill yoke during the refilling process.

The fill station's outer enclosure and door assemblies shall be constructed of formed ¼ inch thick plate steel. Venting shall be provided in the bottom of the fill station to allow the rapidly expanding air from a ruptured cylinder to escape from the fill station. The fill station shall be ergonomically designed for maximum operator convenience and safety for refilling

cylinders. The fill station door and cylinder holder assembly shall tilt out towards the operator 45 degrees, providing unobstructed access to the cylinder holder to load and unload the cylinders. A heavy-duty gas spring shall be incorporated into the design of the fill station to assist the operator in opening and closing the fill station door. It shall take no more than approximately eighteen pounds of force to open or close the fill station door thereby eliminating operator fatigue.

Each cylinder holder shall consist of a thick-walled polymer tube to prevent scuffing the outer surface of the SCBA cylinders. For complete operator protection, the fill station shall include a safety interlock system that will prevent refilling SCBA cylinders unless the fill station door is closed and secured in the locked position. The automatic interlock will require no actuation of secondary latching mechanism on the outside of the fill station. Two fill hoses shall be located within the fill station. Each fill hose shall be equipped with a bleed valve and SCBA fill adapter of choice. Fill hose retainers shall be provided to anchor the fill hoses when not in use.

Compliance to specifications YES_____ NO_____ Deviation explained:

Testing and Preparation for Shipment

The breathing air station shall be tested by the manufacturer prior to shipment. A copy of the manufacturer's test report shall be available upon request.

A manufacturer's nameplate shall be placed on the interior of the electric panel. The nameplate shall include, at a minimum, manufacturer's name, model number, serial number, compressor block number, and date of manufacture. Voltage, phase / frequency, and amperage are located on another label inside the electrical panel

RESOLUTION NO. _____, M-C SERIES

A RESOLUTION OF THE CITY COUNCIL TO ADOPT THE 2026 CALCASIEU PARISH MULTI-JURISDICTIONAL HAZARD MITIGATION PLAN.

WHEREAS, the City Council recognizes the threats that natural hazards pose to life, property, infrastructure, and the overall well-being of residents within the City of Sulphur; and

WHEREAS, the City of Sulphur participated in the development of the 2026 Calcasieu Parish Multi-Jurisdictional Hazard Mitigation Plan in accordance with the Disaster Mitigation Act of 2000; and

WHEREAS, the plan identifies mitigation goals, strategies, and actions intended to reduce long-term risk from future hazards and disasters; and

WHEREAS, adoption of the plan demonstrates the City Council's commitment to hazard mitigation and risk reduction, and supports eligibility to apply for certain federal hazard mitigation assistance programs, subject to applicable program requirements;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SULPHUR, LOUISIANA, THAT:

Section 1. In accordance with the City of Sulphur Home Rule Charter, the City Council hereby adopts the 2026 Calcasieu Parish Multi-Jurisdictional Hazard Mitigation Plan in accordance with the Disaster Mitigation Act of 2000 as the official hazard mitigation plan for City of Sulphur.

Section 2. The City Council supports continued participation in the mitigation planning process and implementation of mitigation actions identified in the plan, as resources and funding allow.

ADOPTED by a vote of _____ in favor, _____ against, and _____ abstaining, this _____ day of _____, *20*____.

APPROVED AND ADOPTED by the City Council of the City of Sulphur, Louisiana, on this _____ day of _____, 2026.
